U. S. DEPARTMENT OF AGRICULTURE,

DIVISION OF PUBLICATIONS.

WASHINGTON, D. C., *October 30, 1913.*

INDEX OF TITLES OF FARMERS' BULLETINS AVAILABLE FOR DISTRIBUTION, NOS. 22-560.

	Bulletin No.
Agricultural clubs, boys' and girls'.....	385
outlook.....	558, 560
Agriculture, value of grosbeaks, etc.	455
Alabama, diversification farm, successful.....	310
Alcohol, industrial, potato culls as source.....	410
sources and manufacture.....	429
uses and statistics.....	269
use in farm engines.....	277
Alfalfa.....	339
irrigation.....	373
seed production.....	495
Alkali lands.....	88
crops, choice.....	446
Angora goat.....	137
Animals, farm, feeding.....	22
rations, computation by use of energy values.....	346
Anthraxnose, cotton, control of.....	555
Anthrax, with special reference to its suppression.....	439
Apple, how to grow it, etc.....	113
insects and fungous enemies of fruit and foliage.....	492
orchard, small, profitable management on general farm.....	491
Apples, evaporation.....	291
Aquatic birds in relation to man, etc.....	497
Arid interior, mammals, harmful and beneficial.....	335
sections, use of windmills in irrigation in semiarid West.....	394
Asparagus culture.....	61
Bacteria in milk.....	490
Barley culture in the Southern States.....	427
growing the crop.....	443
smuts, etc.....	507
winter.....	518
Barnyard manure.....	192
Beans.....	289
peas, and other legumes as food.....	121
soy.....	372
Bee diseases, treatment.....	442
Bees.....	447
Beet, sugar.....	52
Beets, sugar, irrigation.....	392
Belgian hares and other rabbits, raising.....	496
Bindweed, eradication.....	368

	Bulletin No.
Birds, game, aquatic, and rapacious, in relation to man, some common.....	497
eggs, importation for propagation	197
grosbeaks, value to agriculture, etc.....	455
importation for propagation, etc.....	197
some common.....	54
well-known, of forest, farm and garden, food.....	506
Bluegrass, Canada, culture and uses.....	402
Boll weevil, control.....	500
districts, cotton improvement.....	501
problem.....	512
Bollworm, cotton.....	290
Bookkeeping, farm.....	511
Boys' and girls' agricultural clubs.....	385
Bread and bread making.....	389
Breakfast foods, cereal.....	249
Breeds of dairy cattle.....	106
Broom corn.....	174
Brown rot, peach, spraying.....	440
Brown-tail moth and how to control it.....	264
danger of spread through imported nursery stock.....	453
Buildings, hog houses.....	438
ice houses.....	475
Burnt-clay and sand-clay roads.....	311
Butchering meat on the farm, etc.....	183
Butter making, farm.....	541
on the farm.....	241
renovated, and oleomargarine, detection, household tests.....	131
Cabbage.....	433
and related crops, diseases and their control.....	488
Canada bluegrass, culture and uses.....	402
thistles, control.....	545
Canadian field peas.....	224
Canned fruits, preserves and jellies.....	203
Canning peaches on the farm.....	426
tomatoes at home and in club work.....	521
vegetables in the home.....	359
Capons and caponizing.....	452
Cassava.....	167
Cattle, dairy, breeds.....	106
herd.....	55
dehorning.....	350
scabies.....	152
Texas fever, and its prevention.....	258
tuberculin test for tuberculosis.....	351
Celery.....	282
Cereal breakfast foods.....	249
Cheese, and its economical uses in the diet.....	487
making on the farm.....	166
Chestnut-bark disease, control.....	467
Chickens, caponizing, etc.....	452
diseases, important.....	530
hints to poultry raisers.....	528

	Bulletin No.
Chickens, management.....	287
poultry and dairy farm, successful.....	355
standard varieties.....	51
use and value as food.....	182
Cholera, hog.....	379
Cigar-leaf tobacco, production in Pennsylvania.....	416
Citrus fruit growing in the Gulf States.....	238
groves, Gulf States, culture, fertilization, and frost protection.....	542
sites, soils, and varieties.....	538
trees, propagation in Gulf States.....	539
scale insects and mites.....	172
varieties, Gulf States.....	538
Clover, crimson, growing the crop.....	550
farming on the sandy jack-pine lands of the North.....	323
Japan, or Lespedeza.....	441
red.....	455
sweet.....	485
Club work, girls', canning tomatoes, etc.....	521
Clubs, boys' and girls' agricultural.....	385
Columbia Basin uplands, farm practice.....	294
Comb honey.....	503
Commercial fertilizers.....	44
Concrete construction on the live-stock farm.....	481
fence posts, construction.....	403
use on the farm.....	461
Cooking meats, and composition.....	34
vegetables.....	256
Corn and corn products, food value.....	298
belt, small farms.....	325
crop, management in Kentucky and West Virginia.....	546
cultivation.....	414
culture in the South.....	81
growing an acre.....	537
harvesting and storing.....	313
machinery.....	303
home use.....	559
planting, method, more profitable.....	400
products and corn, food value.....	298
school lessons.....	409
seed.....	415
and hog farm, successful.....	272
germination.....	253
production.....	229
smuts, etc.....	507
Corrosion of fence wire.....	239
Cotton anthracnose, control.....	555
belt, intensive farming, example.....	519
boll weevil, control.....	500
problem.....	512
bollworm.....	290
farm, profitable.....	364
farms, building up.....	326
fertilizing, comparative value of whole cotton seed and cottonseed meal.....	286

Cotton improvement under weevil conditions.....	501
insects in Texas, miscellaneous.....	223
manuring.....	48
plantation, run-down, directions for building up.....	326
regions, forage crops.....	509
Sea Island, culture, improvement, and diseases.....	302
seed and its products.....	36
meal, fertilizer for cotton, comparison with whole cotton seed.....	286
whole, fertilizer for cotton, comparison with cottonseed meal.....	286
Cowpeas.....	318
home use.....	559
Cows, milk fever and its treatment.....	206
Cranberry culture.....	176
fungous diseases.....	221
insects injurious.....	178
Creamery, medium for marketing eggs.....	445
Crimson clover, growing the crop.....	550
Cropping systems for New England dairy farms.....	337
Crops for alkali lands, choice.....	446
forage for hogs in Kansas and Oklahoma.....	331
grain-sorghum, better.....	448
Cucumbers.....	254
Curculio, peach, spraying.....	440
Curing and growing hops.....	304
meat on the farm, etc.....	183
tobacco.....	523
Dairy and poultry farm, successful.....	355
cattle, breeds.....	106
farm, tenant, profitable.....	280
farms, New England, cropping systems.....	337
herd.....	55
industry in the South.....	349
Deer farming in the United States.....	330
Dehorning of cattle.....	350
Demonstration work, farm.....	422
Desert regions, mammals.....	335
Diet, use of cheese.....	487
value of mutton, etc.....	526
Disease, chestnut-bark, control.....	467
loco-weed.....	380
Diseases, bee, treatment.....	442
fruit, prevention by use of fungicides, etc.....	243
fungous, of cranberry.....	221
grape, on the Pacific coast.....	30
of cabbage and related crops, and their control.....	488
plant, two dangerous imported.....	489
potato, and their treatment.....	91
potato-tuber.....	544
poultry, important.....	530
Disinfectants, some common.....	345
Disinfection, stables, practical method.....	480
Ditches, irrigation, how to build.....	158

	Bulletin No.
Dodder in relation to farm seeds.....	306
Drag, split-log, use on earth roads.....	321
Drainage of irrigated lands.....	371
tile, on the farm.....	523
Dry-land crops—Emmer: A grain for semiarid regions.....	139
grain crop, Milo.....	322
Ducks and geese.....	64
Durum wheat.....	534
Earth roads, use of split-log drag.....	321
Eggs, food uses.....	128
game birds, importation for propagation.....	197
marketing through the creamery.....	445
Emmer: A grain for the semiarid regions.....	139
winter.....	466
Engines, farm, use of alcohol and gasoline in.....	277
English sparrow as a pest.....	493
Evaporation of apples.....	291
Experiment station work.....	56, 65, 69, 73, 78, 79, 84, 87, 92, 97, 103, 105, 114,
119, 122, 133, 144, 149, 162, 169, 186, 190, 193, 202, 210, 222, 225, 227,	
233, 237, 244, 251, 259, 262, 267, 273, 276, 281, 296, 305, 309, 316,	
317, 320, 329, 334, 342, 353, 360, 366, 374, 381, 384, 388, 405, 419, 425,	
430, 435, 451, 457, 465, 469, 479, 486, 499, 504, 514, 522, 526, 532, 549	
Farm animals, feeding.....	22
rations, computation by use of energy values.....	346
birds, well-known, food, etc.....	506
bookkeeping.....	511
butter making.....	241
canning peaches.....	426
cotton, building up.....	326
profitable.....	364
dairy, profitable tenant.....	280
diversification, in Alabama, successful.....	310
equipment, repair.....	347
general, apple orchard management.....	491
hay, successful southern.....	312
home, modern conveniences.....	270
how a city family managed.....	432
live-stock, concrete construction.....	481
management by a city family.....	432
in northern potato growing sections.....	365
meat, butchering, curing, and keeping.....	183
New York, successful.....	454
poultry and dairy, successful.....	355
practice in Columbia Basin uplands.....	294
the use of commercial fertilizers in the South Atlantic States.....	398
produce, marketing.....	62
replanning for profit.....	370
seeds, relation of dodder.....	306
testing, home and school.....	428
timbers, preservative treatment.....	387
use of concrete.....	461
paint.....	474

Farming, deer, in the United States.....	330
diversification, Alabama, successful.....	310
diversified, under the plantation system.....	299
intensive, in the cotton belt, example.....	519
model, an example.....	242
sandy jack-pine lands of North, clover growing.....	323
silver fox.....	328
systems, central New Jersey.....	472
tenant, a system and its results.....	437
Farms, cotton, building up.....	326
dairy, cropping systems.....	337
irrigated, of West, potato culture.....	386
small, in the corn belt.....	325
southern, demonstration work.....	422
Feed, scarcity, cause of stock poisoning.....	536
Feeding farm animals.....	22
hogs in the South.....	411
horses, principles.....	170
silage, etc.....	556
Fence posts, concrete, construction.....	403
wire, corrosion.....	239
Fertility, soil.....	257
Fertilization, citrus groves in Gulf States, etc.....	542
Fertilizers, commercial.....	44
use in South Atlantic States, farm practice.....	398
Fescue, meadow: Its culture and uses.....	361
Fever, milk, and its treatment.....	206
spotted, relation of mammals.....	484
Texas or tick, and its prevention.....	258
tick, extermination.....	498
typhoid, prevention.....	478
Fiber, flax, and seed.....	27
Field irrigation, etc.....	138
Fires and smudges, use in protection of orchards from frost in Pacific Northwest.....	401
Fish, use as food.....	85
Flax culture.....	274
for seed and fiber.....	27
Flies, house.....	459
Flowering plants, annual.....	195
Fly, stable.....	540
Food, care in the home.....	375
nutritive value and principles of nutrition.....	142
of well-known birds of forest, farm, and garden.....	506
potatoes and other root crops.....	295
use and value of beans, peas, and other legumes.....	121
eggs, etc.....	128
fish.....	85
poultry.....	182
sugar.....	93
of fruit.....	283
milk.....	363
uses of nuts, etc.....	332
value of corn and corn products.....	298
sugar, etc.....	535

	Bulletin No.
Foods, breakfast, cereal.....	249
Forage crop practices in western Oregon and western Washington.....	270
value of rape.....	164
crops for hogs in Kansas and Oklahoma.....	331
the cotton region.....	509
saccharine sorghums for.....	246
sweet sorghums, best two.....	458
Forage-plant seeds, adulteration.....	382
Forest birds, well-known, food, etc.....	506
nurseries for schools.....	423
Forestry in nature study.....	468
practical. Part II of Primer of Forestry.....	358
Primer: Part I: The Forest.....	173
II, Practical Forestry.....	358
Forests: Part I of Primer of Forestry.....	173
Fox, silver, farming.....	328
Frames as a factor in truck growing.....	460
Frost, notes.....	104
protection of citrus groves in Gulf States, etc.....	542
orchards in Pacific Northwest by means of fires and smudges.....	401
Fruit, food use.....	283
garden, home, preparation and care.....	154
Fruits, canned, preserves and jellies.....	203
use of fungicides in preventing diseases, etc.....	243
Fungicides and their use in preventing diseases of fruits.....	243
Fungous and insect enemies of the fruit and foliage of the apple.....	492
grape east of the Rocky Mountains.....	284
diseases of the cranberry.....	221
Game birds, importation for propagation, etc.....	197
in relation to man, etc.....	497
laws for 1911.....	476
1912.....	510
Garden birds, well-known, food, etc.....	506
fruit, preparation and care.....	154
irrigation, etc.....	138
school.....	218
vegetable, home.....	255
Gasoline, use in farm engines, etc.....	277
Geese and ducks.....	64
Germination of seed corn.....	253
Ginseng, American, cultivation.....	551
Gipsy moth and how to control it.....	275
danger of spread through imported nursery stock, etc.....	453
Girls' and boys' agricultural clubs.....	385
club work, canning tomatoes, etc.....	521
Goat, Angora.....	137
Grain crop, kafir.....	552
dryland, milo.....	322
for semiarid regions—Emmer.....	139
irrigation.....	399
rust epidemic of 1904, lessons.....	219
smuts of wheat, oats, barley, and corn.....	507

	Bulletin No.
Grain-sorghum crops, better.....	448
Grape diseases on the Pacific coast.....	30
enemies, insect and fungous, east of the Rocky Mountains.....	284
juice, unfermented, home manufacture and use.....	175
propagation, pruning and training.....	471
Green manuring, leguminous crops for.....	278
Grosbeaks, value to agriculture in United States, etc.....	455
Grubs, white, common.....	543
Guinea fowl.....	234
pigs, raising.....	525
Gulf States, citrus fruit growing.....	238
groves, culture, fertilization, and frost protection.....	542
sites, soils, and varieties.....	538
trees, propagation.....	539
varieties.....	538
Gumbo, culture and uses.....	232
Habit-forming agents.....	393
Hares, Belgian, and rabbits, raising.....	496
Harvesting and storing corn.....	313
corn, machinery.....	303
Hay farm, successful Southern.....	312
market.....	508
conditions affecting value.....	362
Headache mixtures, harmfulness.....	377
Health, rural districts, effect of insects.....	155
Herd, dairy.....	55
Hog and seed-corn farm, successful.....	272
cholera.....	379
houses.....	438
raising, management of pigs.....	205
Hogs, feeding in the South.....	411
forage crops in Kansas and Oklahoma.....	331
Home canning of vegetables.....	359
tomatoes, and in club work.....	521
care and use of milk.....	413
of food.....	375
farm, modern conveniences.....	270
fruit garden, preparation and care.....	154
grounds, beautifying.....	185
manufacture and use of unfermented grape juice.....	175
production of onion seed and sets.....	434
testing of farm seeds and at the rural school.....	428
use of meat, economical.....	391
pop corn.....	553
vegetable garden.....	255
Homestead, beautifying grounds.....	185
Honey, comb.....	503
Hops, growing and curing.....	304
Horse feeding, principles.....	170
Horseshoeing.....	179
House flies.....	459
Household tests for the detection of oleomargarine and renovated butter.....	131
Hydrophobia, or rabies.....	449

	Bulletin No.
Ice houses.....	475
Incubators and incubation.....	236
Industrial alcohol, potato culls as source.....	410
sources and manufacture.....	429
uses and statistics.....	269, 277
Insect enemies of fruit and foliage of the apple, etc.....	492
the grape east of the Rocky Mountains.....	284
shade trees, etc.....	99
Insecticides, important.....	127
Insects affecting cotton in Texas, miscellaneous.....	223
tobacco.....	120
Insects, apple, etc.....	492
effect on health in rural districts.....	155
injurious to cranberry culture.....	178
scale, and mites, on citrus trees.....	172
Irrigated farms of West, potato culture.....	386
lands, drainage.....	371
timothy production in Northwestern States.....	502
Irrigation ditches, small, how to build.....	158
in field and garden.....	138
of alfalfa.....	373
grain.....	399
orchards.....	404
sugar beets.....	392
practical information for beginners.....	263
use of windmills in semiarid west.....	394
Jack-pine lands, sandy, clover farming in the North.....	323
Japan clover, or lespedeza.....	441
Jellies, preserves, and canned fruits.....	203
Johnson grass, eradication method.....	279
Kafir, grain crop.....	552
home use.....	559
Kansas, forage crops for hogs, etc.....	331
Kentucky, corn crop, management, etc.....	546
tobacco cultivation, etc.....	343
Kherson and sixty-day oats.....	395
Lands, alkali.....	88
choice of crops.....	445
irrigated, drainage.....	371
sandy Jack-pine, clover farming.....	323
semiarid, use and value of emmer.....	139
Larkspur, or "poison weed".....	531
Lawns and lawn soils.....	494
home grounds, beautifying.....	185
Laws, game, 1911 and 1912.....	470, 510
Legumes, beans, and peas, as food.....	121
Leguminous crops for green manuring.....	278
Lespedeza, or Japan clover.....	441
Lightning and lightning conductors.....	367
Liming of soils.....	77
Live-stock farm, concrete construction.....	481

	Bulletin No.
Loco-weed disease.....	380
Logged-off land, pasture in western Oregon and western Washington.....	462
Macadam roads.....	338
Machinery, corn-harvesting.....	303
Malaria, some facts.....	450
Mammals, arid interior, harmful and beneficial.....	335
Montana, in relation to agriculture and spotted fever.....	484
Manure, barnyard.....	192
Manuring, green, leguminous crops for.....	278
of cotton.....	48
Maple sirup and sugar, production.....	516
Market hay.....	508
conditions affecting value.....	362
pop corn.....	554
Marketing eggs through the creamery.....	445
farm produce.....	62
sweet potatoes, and storage.....	520
storing.....	548
Meadow fescue, culture and uses.....	361
Meat, economical use in home.....	391
mutton, and its value in the diet.....	526
on the farm: Butchering, curing, and keeping.....	183
Meats: Composition and cooking.....	34
Medicine, weeds used in.....	188
Medicines, habit-forming.....	393
headache mixtures.....	377
Milk, bacteria in.....	490
care and use in the home.....	413
fever and its treatment.....	206
food use.....	363
Millets.....	101
Milo as a dry-land grain crop.....	322
Mites and scale insects on citrus trees.....	172
Moisture, soil, management to conserve.....	266
Montana, western, some common mammals in relation to agriculture and spotted fever.....	484
Morning-glory, wild, eradication.....	368
Mosquito, yellow fever.....	547
Mosquitoes, remedies and preventives.....	444
Moth, brown-tail, and how to control it.....	264
gipsy, and how to control it.....	275
potato tuber.....	557
Moths, gipsy and brown-tail, danger of general spread through imported nursery stock.....	453
Mushrooms, cultivation.....	204
Muskrat.....	396
Mutton and its value in the diet.....	526
Nature study, forestry.....	468
New England dairy farms, cropping systems.....	337
New Jersey, central, systems of farming.....	472
New York farm, successful.....	454
North, clover farming on sandy jack-pine lands.....	323
potato-growing sections, farm management.....	365

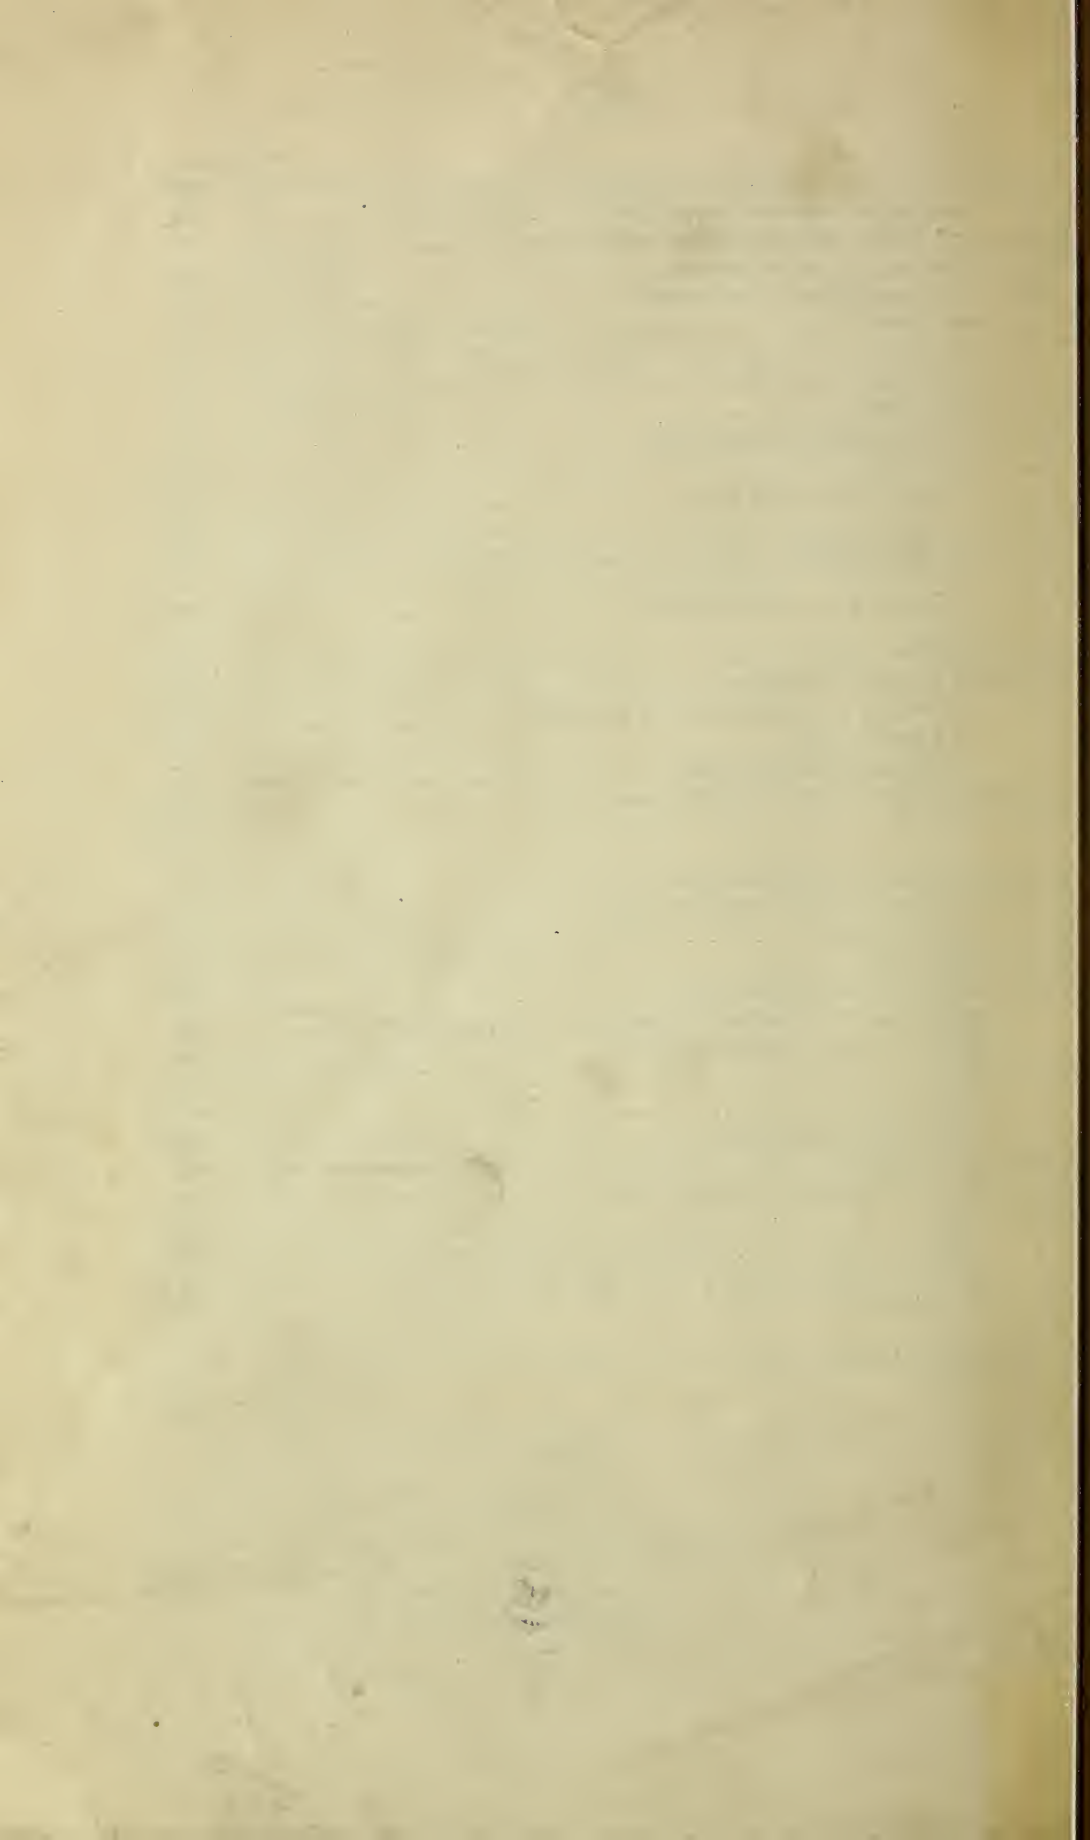

Northwest, timothy production on irrigated lands	502
Nurseries, forest, for schools.....	423
Nursery stock, imported, danger of general spread of gipsy and brown-tail moths.....	453
Nutrition, principles, and nutritive value of food.....	142
Nuts, food use.....	332
Oat smuts, etc.....	507
Oats, distribution and uses.....	420
growing the crop.....	424
loose smut, prevention, etc.....	250
Sixty-day and Kherson.....	395
winter, for the South.....	436
Oklahoma, forage crops for hogs, etc.....	331
Okra, culture and uses.....	232
Oleomargarine and renovated butter, detection, household tests.....	131
Onion culture.....	354
seed and sets, home production.....	434
Orchard, apple, profitable management on general farm.....	491
home, preparation and care.....	154
Orchards, irrigation.....	404
protection from frost in Pacific Northwest by means of fires and smudges.....	401
Oregon, forage crop practices, etc.....	270
logged-off land for pasture, utilization, etc.....	462
Pacific coast, grape diseases	30
Northwest, orchards, protection from frost by means of fires and smudges	401
Paint, use on the farm.....	474
Pasturage, scarcity, cause of stock poisoning.....	536
Pasture, logged-off land in western Oregon and western Washington.....	462
Peaches, canning on the farm.....	426
spraying for control of brown rot, scab, and curculio.....	440
Peanuts.....	431
Pear, and how to grow it.....	482
Peas, beans, and other legumes as food	121
Canadian field.....	224
Pennsylvania, cigar-leaf tobacco, production.....	416
Pheasant raising in the United States.....	390
Pig management.....	205
Pigeons, squab raising.....	177
Pineapple growing.....	140
Pines, dying in Southern States, cause, extent, and remedy.....	476
Plant diseases, two dangerous, imported.....	489
production, school exercises.....	408
Plantation, cotton, building up.....	326
farming, diversified.....	299
Plants, annual flowering.....	195
propagation.....	157
"Poison weed" or larkspur.....	531
Poisoning, stock, due to scarcity of food.....	536
Pop corn, home use.....	553
market.....	554

	Bulletin No.
Potato as a truck crop.....	407
culls as source of industrial alcohol.....	410
culture.....	35
on irrigated farms of the West.....	386
diseases and their treatment.....	91
tuber moth.....	557
Potatoes and other root crops as food.....	295
seed, and how to produce them.....	533
sweet.....	324
storage and marketing.....	520, 548
tuber diseases.....	544
Potato-growing sections of North, farm management.....	365
Potato-tuber diseases.....	544
Poultry and dairy farm, successful.....	355
as food.....	182
diseases, important.....	530
guinea fowl.....	234
management.....	287
raisers, hints to.....	528
raising, incubation and incubators.....	236
Preservative treatment of farm timbers.....	387
Preserves, jellies, and canned fruits.....	203
Prickly pears, thornless.....	483
Privy, sanitary.....	463
Produce, farm, marketing.....	62
Propagation, citrus trees in the Gulf States.....	539
grape, with pruning and training.....	471
of plants.....	157
Pruning.....	181
grapevines, with propagation and training.....	471
Quack grass, eradication.....	464
Rabbits, raising, also Belgian hares.....	496
Rabies, or hydrophobia.....	449
Rapacious birds in relation to man, etc.....	497
Rape as a forage crop.....	164
Raspberries.....	213
Rations for farm animals, computation by the use of energy values.....	346
Rats, how to destroy.....	369
Red clover.....	455
Renovated butter, detection, etc.....	131
Rice culture.....	417
Roads, earth, use of split-log drag.....	321
improved, benefits.....	505
macadam.....	338
sand-clay and burnt-clay.....	311
Root crops, food use.....	295
Roselle, culture and uses.....	307
Rural districts, how insects affect health.....	155
school grounds, tree planting.....	134
Rust, grain, epidemic of 1904, lessons.....	219

Sand-clay and burnt-clay roads.....	311
Sanitary privy.....	463
Scab, peach, spraying for control.....	440
Scabies of cattle.....	152
Scale insects and mites on citrus trees.....	172
School exercises in plant production.....	408
garden.....	218
